

# Bird Feeders

## Description:

Create and design your own bird feeder to hang outside by using household supplies.

## Ingredients:

1 toilet paper roll

1 piece of string (8")

Scissors

Bird Seed

Elmer's Glue or Peanut Butter

## Directions:

Cut a piece of string, poke a couple of holes near one end of the toilet paper roll, and tie the ends of the strings through them. Smear peanut butter or glue on the empty toilet paper tube. Roll it in bird seed. Hang your toilet paper roll bird feeder in a tree and watch how much the birds enjoy it.

## National Standards for Science

Grades K-4 Standard C - Birds have different structures that serve different functions in growth, survival, and reproduction.
