**Subject: Letter of Support for the Bipartisan Infrastructure Law (BIL) – Grid Resilience and Innovation Partnerships (GRIP); Funding Opportunity Announcement (FOA) Number: DE-FOA-0002740**

Dear Ms. Cullen:

Electricore, Inc. is pleased to provide this letter of support for the proposal entitled, “Enhancing Utility Resilience in America’s Most Forested State” to the US Department of Energy (DOE) Grid Deployment Office (GDO) and Office of Clean Energy Demonstrations (OCED) under DE-FOA-0002740, Topic Area 2.

In this project, Electricore, Inc. will coordinate all administrative actions with the team to deploy and catalyze technology solutions that increase the flexibility, efficiency, reliability, and resilience of the electric power system.

Electricore’s budget is anticipated to be approximately \$2,018,425. No cost share is planned.

The project’s goals and objectives are consistent with our overall interest in advancing knowledge in this area and directly supports the Department of Energy’s program. Electricore, Inc. strongly recommends this project for US Department of Energy support.

Sincerely,

Deborah Jelen, MSSM, BSME
