***Your CV has to be a, 'gapless' CV.**

Due to the recent updated requirements for foreign national visits/assignments, Hosts must obtain and review for completeness a Curriculum Vitae (CV) from the foreign national listing all work positions, science and technology specialties and detailing education and employment history, **with no gaps, showing the month and year**. The complete CV must be provided to the foreign national program assistants when submitting the access requests.

When sending the CV to the FN Assistant, **please indicate you have reviewed the CV for completeness.**

Info for Hosts on CVs:

A CV (Curriculum Vitæ, which means course of life in Latin) provides a summary of your experience and skills. Typically, CVs for entry-level candidates are longer than resumes – at least two or three pages. CVs for mid-level candidates who have amassed numerous publications tend to run much longer. CVs include extensive information on your academic background, including teaching experience, degrees, research, awards, publications, presentations, and other achievements. CVs are thus lengthier than resumes, and include more information, particularly details related to one's academic and research background.
