

Reactive Carbon Capture Project Review Meeting

NREL Shuttle Bus/Van:

We are looking forward to hosting the Reactive Carbon Capture Workshop at the National Renewable Energy Laboratory on January 17th and 18th. Below and attached are instructions for arriving and checking in at NREL as well as a campus map. You must have US issued identification or appropriate paperwork if you are not a US citizen.

January 17th:

- **If you are staying at the Denver Marriott West:**
 - o 7:30am – first shuttle to campus. You will arrive at the RSF, check in, and receive your badge. Please have US issued identification or appropriate paperwork if you are not a US citizen.
 - o 7:45am – second shuttle from Denver Marriott West to NREL
- **If you are **NOT** staying at the Denver Marriott West:**
 - o 7:45am – enter NREL through East Security Gate entrance and park in the RSF Visitor Parking Lot. You will check in at RSF and then get on a shuttle to IBRF where the meeting will take place. If you are arriving by taxi/car service have them drop you at the RSF front entrance.

January 18th:

- **If you are staying at the Denver Marriott West:**
 - o 7:30am – first shuttle to campus
 - o 7:45am – second shuttle to campus
- **If you are **NOT** staying at the Denver Marriott West:**
 - o 7:45am – arrive at NREL and park in RSF Visitor Parking. Go to the bus pick up in front of RSF for the shuttle to get to the IBRF

*****We will have shuttles at the end of both days to take everyone back to either the RSF Visitor Parking lot or the Denver Marriott West.*****

Tour on January 18th:

- 1:55pm – Shuttle will pick up at IBRF to take tour participants to ESIF
- 2:45pm – shuttle picks up from ESIF to take tour participants to FTLB
- 3:30pm – tour concludes. Shuttle will pick up participants and take them to either RSF Visitor Parking or the Denver Marriott West

I will be the point of contact for everyone during the workshop, please contact me on my cell if anything last minute or urgent comes up: **(720) 693-2654**

Thank you!
